

Business Account Checklist

Thinking of Opening a Business Account with Altra?

Depending on the type of account you need, we'll just need a few simple things. We will need your personal information including: Legal Name, Date of Birth, Social Security Number, Physical Address, and Valid ID. All signers must be eligible for membership with Altra.

We will also need the Legal Business Name, the Tax ID or Employer ID number (EIN), the Date the Business was Established, Nature of the Business, Number of Employees, Annual Revenues/Method of Revenues, Location of the Business, and the Location Type. Altra will need to know all beneficial owners of the business who have a 25% stake and will also ask for the person who is primarily in control on the account.
